I hope everyone had a safe and enjoyable Memorial weekend and took a few moments to remember what this day is all about - to honor American soldiers who made the ultimate sacrifice for their country. We also celebrated Armed Forces Day last month which honors those military veterans currently serving our country. Please thank a soldier or veteran for their service every chance you get.

At the Regular Board Meeting in May the Board approved appointing the Planning Committee to take on a special task of examining all aspects of Meadowlark Park and what we can do to make it better. We asked them to recommend changes that could be made to make it more useful to our members, while also trying to lower the operating and maintenance costs. If you are interested in participating in this activity, please contact the Association Office for more information.

Over the past several years, we've made several improvements in and around Meadowlark Park:

- Repaved parking lots
- Re-surfaced basketball courts
- Resurfaced Bocce ball courts
- Upgraded Community Building interior and exterior

- New playground equipment and the addition of a play-area sunshade (coming soon)

We received word at the May Board meeting that one of the most anticipated SVL projects in our history - repaving the SVL entryway from Bear Valley Rd to the entrance of SVL - will begin around September of this year. This is a joint project that has been in coordination for over a year between SVLA, City of Victorville, and San Bernardino County and is being jointly funded by all three entities. I know we all eagerly await the start of this project.

I hope you enjoyed the patriotic display of flags on our new median in observance of Armed Forces Day and Memorial Day. The flags looked great and our Operations folks came through, as promised, for our residents and visitors. Nothing makes me feel better than seeing our flags displayed as I drive down our Parkway.

Speaking of driving in SVL, please observe our speed limits when driving in our community. Not a day goes by that I don't see or hear of someone speeding somewhere in SVL. Our children our beginning their summer vacations and

we have a lot of walkers, runners, and bikers who share our roads, so please watch your speed.

By the time you read this, we will have held two key summer events – our Summer Kick-off and the first Beach Concert in many years. The Beach Concert is a result of efforts by our GM and staff working closely with the Diamond Head Association's Board to bring back these very popular concerts. We appreciate the DHA Board working with us to make this happen! These events take a lot of hard

work and planning by our staff, so please give them a big "thank-you" when you see them.

Finally, the start of the FY2016 budget cycle is fast approaching and we are still looking for volunteers for the Budget Review Committee. If you are interested, please contact the Association Office.

The next Regular Board Meeting will be held at 6PM on June 23 in our newly upgraded Community Building. I hope to see you there.

May 2015 Board Meeting Summary

- Approved April 28th Regular Board meeting minutes
- Approved April 25, 2015 Semi-Annual Homeowners Election Meeting minutes
- Approved April 25, 2015 Board of Directors Organizational Meeting minutes
- Accepted April 2015 Financial Report
- Approved write-off of \$4,296.17 for one inactive account
- Approved 6 property liens & foreclosure actions for delinquent accounts
- Approved Planning Committee task to study Meadowlark Park upgrades
- Approved task to investigate options for on-line viewing and archiving of Board meetings

BUDGET REVIEW COMMITTEE VOLUNTEERS NEEDED

Up to five (5) volunteers needed to assist in the review process of our annual budget. These volunteers must be SVLA owner/members (in good standing) and be willing to help from about June through late August. There will be several Committee meetings to attend as well as some homework in order to review the draft budget proposal prior to the meetings.

DOUBT

By Jeri Lawrence

Without a "doubt", our neighbor, Donna Fotschky, will again prove her varied talents in the upcoming playhouse performance as Sister Aloysius Beauvier. "DOUBT" Is a fictional play set in the 1960's when social uncertainty about race, morality and freedom of expression were at the forefront in our country. This play is a "parable" concerning some of those issues when a nun suspects the wrongdoing to one of the students at the St. Nicholas Church School. The school's beloved Father Flynn, is under suspicion by Sister Aloysius (Donna Fotschky). She takes her fears to a higher authority and the play begins. At the

conclusion, with no actual proof of suspicious disciplinary tactics on Father Flynn's part, the audience is left with its own doubt. Donna and her family have made Spring Valley Lake their home for ten years. As an actor, Donna could be seen in as many as 100 film projects which included commercials and movie parts. Catch her fine talent in "DOUBT" at the Victorville Playhouse - High Desert Center for the Arts. The show dates are June 17 through the 19th and then again Friday, June 26, Sat. June 27 and Sunday June 28th. Call the theatre at 760 243-7493 for more details.

ALFRED LOGAN, PUBLIC SAFETY DIRECTOR

As you may know, from Memorial Day to Labor Day, the hours of vessel operations are from 6am-Midnight daily.

As you take advantage of the extended summer hours, please be sure that you are following the rules and regulations. For example, there is a no-wake rule after sunset as well as ensuring that your navigational lights are working properly.

As a helpful reminder, for members who reside at waterfront properties, please consider an effective plan for acting in the event of a water emergency involving a distressed swimmer. Here are a few things to

consider: What rescue equipment do you have readily available to aid a swimmer in need without having to enter the water? Do you make it a point to inform your guests of the SVLA rules before they utilize the lake? If having guests over, do you have additional flotation devices, especially for young children? All juveniles under the age of 12 years old must wear a U.S.C.G. approved life vest. Your safety is our priority. Let's make it a safe and memorable summer.

Meet the Team

For the next six to eight months, two Public Safety employees will be randomly selected to introduce themselves to you. We have a

Dispatcher Sarah Avery

Hello! My name is Sarah Avery and I am a Dispatcher at Spring Valley Lake Public Safety. I have been working with Public Safe-

ty since early 2015. I believe it's not a job if you enjoy what you do, and I can truly say I enjoy working on the Public Safety team as well as for the community. I enjoy all of the fast paced, energetic days we have, as well as those days with little, relaxing, moments in

them.

My responsibilities have made me achieve goals, and put smiles on all residents who I come in contact with. With that, I have daily dispatch duties that are taken care of, and I have also started drawing up procedures for the evacuation plans of the Equestrian Estates. I currently hold two jobs and I am a horse trainer in Western and English Disciplines. I also compete in Rodeo; barrel-race, bull-ride and team rope. Outside of work I am in school patiently working to achieve my, A.A. in Administration of Justice and a B.S. in Me-

Officer Josh Ortiz

Hello, my name is Joshua Ortiz and I am a Public Safety Officer here at Spring Valley Lake. I started working for public safety in September of last year. Upon my time working here I have really come to enjoy working and being a part of the community of Spring Valley Lake. I definitely love all the uniqueness and variety that comes with the job. My job ranges from I.D. checks at the beach area and finding loose dogs, to going on medical calls and welfare checks. I am an honored graduate of class #31 from the San Bernardino Valley College P.O.S.T. Academy, and a huge part of what I learned from my time at the academy has helped with serving all you wonderful people here. One of the responsibilities that I have gratefully been given is to help out with any garage sale issues people might have, or possibly could run into. My goal with this responsibility is that ev-

chanical Engineering.

I recently got engaged to my PRCA rodeo sweetheart and plan to get married in May of 2016. I enjoy any kind of fishing; Mexican food, competitive shooting, water polo/ swimming, and country music. In my extra time (almost never) I enjoy traveling. I've been to 42 states, and 4 different countries. I am fluent in American Sign Language, Gaelic (Irish), and I am currently learning Spanish and Sinhala (Sri Lankan). Please don't hesitate to contact me with any questions or just a friendly hello at Savery@svla.com.

everyone can feel that they are being treated fairly and not taken advantage of. I am here to work with you, not against you. Another responsibility that I take pleasure in having is the process of removing graffiti/signs of vandalism. From what I have seen, Spring Valley Lake is such a beautiful community, a true oasis jewel in the middle of a dry desert. I aim in wanting to keep Spring Valley Lake looking that way! I'm a true Christian and I definitely do place my identity in Jesus Christ first and foremost. Because He died and sacrificed His life for me is what motivates me to be selfless for those in my life, especially including this private planned community. I am excited in getting to know more of you all in the days to come and feel free to stop by and chat if you see me out on patrol. Relationships are the most important thing to me, so if anyone would like to contact me for questions regarding garage sales, graffiti/vandalism, or anything, you can best reach me at my email address: jortiz@svla.com

Sonshine Collision Services, Inc.

The safe choice since 1984

Make the Safe Choice! YOU choose who you want to repair your car!

When you need collision repair, the safety of you and your family should always come first. Inexpensive or careless repairs can result in the failure of your vehicle's safety restraint system, when you need it most... at the moment of impact in an accident.

At Sonshine Collision Services, you'll receive the kind of service, quality, and integrity that ensure your repairs will not only preserve your vehicle's value and factory warranty, but protect you and your family as well. Remember: You, the consumer, have the right to make your own choice. So, make the RIGHT choice... make the SAFE choice... Call Sonshine Collision Services, Inc.

PROJECTS AROUND THE COMMUNITY

The Center Median

As we are trying to complete this project, we have encountered problems getting the final amounts of DG and River rock. The county has purchased all of the same river rock we are using from local quarries. The state has purchased all the same DG we are using. This was just resolved using a close match from another quarry. The landscape lighting has been activated and the center median is starting to look complete.

Community Building Facelift

The Community building facelift is in its final stages. We have completed the exterior stone veneer, shades and the flooring. By the time you are reading this the exterior has been painted and the interior doors for CB1 and CB3 should be starting. Come by and check it out at the June Board meeting.

Restroom at FA 8 and Association Office Remodel

We have met with our architect on these 2 projects and we have locked down some required parameters. The Restroom project is looking good and we should be

seeing some bid documents shortly. The Association office project is a little more involved. It will require more time than the restroom project before the Association bid documents are available.

At the Equestrian Estates

We have completed the Main barn flooring project and it has turned out great. It is a nice improvement from the dirt floor to a new concrete pad with 3/4 thick interlocking pads throughout the complete aisle. Thank you to the Equestrian Committee for your team work in helping us find the right solution; and to the Board for approving the upgrade in last years budget and finally on the project. We have also painted and epoxied the floor of the tack room.

New Barn Aisle Flooring Installed

Other projects we are working on at the Equestrian Estates are:

- Replacing the fire alarm system in the barn
- Adding an emergency call box at the barn connected to PSD dispatch.
- Replacing the light fixtures in the barn
- Installing the new Arena fencing.

OUR LAKE

We will be starting our chlorine treatment at the swim beach every other week starting June 2. Please note that we will be closing the swim area at 4:30pm on these dates. 6/2—6/16—6/30—7/14—7/28—8/11—8/25.

As required by the health department we have started our weekly test of the swim area and here are

the results to date.

Date	5/19/15	6/16/14
Total Coliform	50 MPN/100ML	30 MPN/100ML
Fecal Coliform	8/100ml	11/100ML

For Total Fecal needs to be 200/100ML or less

Also you may have noticed new centerline buoys with new solar lights on top. These new buoys have larger bases and should remain upright and prone during most conditions. The lights are more sleek and durable than be-

fore. We are in our 3rd year of having lights on top of our buoys and they are working great. We have also just had our lake consultant on our lake performing there water quality, lake contour and vegetation study. Look for this on our website under the Lake tab.

We have painted the dam.

The following pictures show before and after.

BEFORE

AFTER

SVL Project Kicks off MWA's New Large Turf Removal Effort

Since 2008, MWA working with the Alliance for Water Awareness and Conservation has offered the Cash for Grass program that provides a 50 cents per square foot rebate for turf removed. To date, nearly 7.5 million square feet of turf has been removed resulting in an annual savings of 1,258.7 acre-feet of water with residential customers representing the majority of participants.

In November 2014, MWA quietly launched its Large Scale Turf Replacement Program with \$250,000 in local funding, and \$922,000 from the Prop 84 grant program administered by the Department of Water Resources. The large scale program provides a rebate of \$1 per square foot of turf removed. Similar to the residential program, this new program requires participants to replace at least 25 percent of the area of turf removed with native/ drought tolerant plants.

The program, however, prohibits plastic barriers or concrete to be placed in the project area because it blocks water infiltration that helps recharge local basins.

This program, aimed at large turf removal projects, began with the start of the Spring Valley Lake Association Median (SVLAM) Project. The project, when complete, will result in the removal of 38,410 square feet of turf. The SVLAM project will also serve as a "drive-by" demonstration garden to encourage citizens to landscape with native, drought tolerant plants. With the drought in full effect, every drop of water saved is critical.

For more information on this program contact Nicholas Schneider, MWA Water Conservation Manager, at 760.946.7038.

One moment makes all the difference.

Charitable Donations are a sincere way to express your gratitude this holiday season, and a great way to save on taxes.

The St. Joseph Health, St. Mary Foundation is a trusted partner in the High Desert, raising money for needed equipment at St. Mary Medical Center, community benefit programs such as diabetes screenings and obesity education, along with funding new services here where it's needed most.

If you'd like to learn more about how you can support your community through the St. Joseph Health, St. Mary Foundation and receive a charitable tax deduction please call 760.946.8103.

"Support the Foundation that supports your community!"

We accept gifts of land and stock and can offer Charitable Remainder Trusts along with other giving options. Go to www.StMaryLegacyGift.org for more information.

Visit **StMaryAppleValley.com**
or **scan the QR code**
to make your donation today.

CODE ENFORCEMENT MEMBER SERVICES COMMUNITY SERVICES COMMUNITY EVENTS RECREATION

PAUL BEAM Director

Congratulations to all those who completed their year, and were able to graduate. For the seniors who accomplished their goals, we wish you well as you begin the long journey to your dreams. Summer vacation begins this week with children home, and them wanting to have fun and do things. Drivers please watch your speed on our roads, so all of our children will be safe as they're out and about.

We have been extremely busy with a bumper crop of weeds everywhere. While we are not issuing any violations for yellow, brown or dead lawns, we do hope everyone removes the weeds, and keeps the lawns at a healthy length. As we drive around, we see many residents have begun their spring cleaning on their landscaping, and this is very much appreciated. We know that as the weather warms up, that many more of you will be out there attacking those weeds, and making our community a beautiful place.

One of the issues that we have noticed during this summer season is lots of fruit left on the ground. If you don't want your fruit, give it away, take it to the Farmers Market on Thursdays, give it to homeless shelters, or let your children set up a little stand to sell it. For some reason, the fruit in this area have some of the best flavors in the High Desert. Fruit that is left on the ground attracts rodents, ants, cockroaches, and all the little critters you do not want. We do hope you take care of this issue this year,

and we will do what we can to help.

With the warm weather coming we want to make sure all the new residents know that above ground pools are not allowed in Spring Valley Lake. If it is larger than a 15 gallon kiddie pool, we will be asking you to take it down. Along with the above ground pool issue, we see window air conditioners, and swamp coolers appear. Please remember, before you install either one, you must submit an Architectural Project Application. While we are talking about warm weather issues, we want to mention that sun shades/covers and easy ups are not allowed on the docks. They are allowed on patios and decks from April 1st until November 1st.

The Cash for Grass program is still available. Your grass needs to be somewhat green. Should you get accepted into the program, do not forget to submit an Architectural Project Application. Ashley Yates, who is the Architectural Committee Liaison, will be glad to help you in any way she can when you submit your application. Summer time is a great time for all the painting projects you have in mind. Should you change colors, you know to come to the Association office and complete a project application.

Father's Day is coming soon on the 21st of this month. Instead of ties and socks, you might think about a tool Dad has had his eye on or a toy for his Man Cave. Whatever you decide on, make sure Dad knows he is loved and appreciated. 💎

*HAVE A GREAT MONTH AND BE SAFE

How to Sell Your House Without An Agent

Spring Valley Lake, CA - If you've tried to sell your home yourself, you know that the minute you put the "For Sale by Owner" sign up, the phone will start to ring off the hook. Unfortunately, most calls aren't from prospective buyers, but rather from every real estate agent in town who will start to hound you for your listing.

Like other "For Sale by Owners", you'll be subjected to a hundred sales pitches from agents who will tell you how great they are and how you can't possibly sell your home by yourself. After all, without the proper information, selling a home isn't easy. Perhaps you've had your home on the market for several months with no offers from qualified buyers. This can be a very frustrating time, and many homeowners have given up their dreams of selling their homes themselves. But don't give up until you've read a new report entitled "Sell Your Own Home" which has been prepared especially for homesellers like you. You'll find that selling your home by yourself is entirely possible once you understand the process.

Inside this report, you'll find 10 inside tips to selling your home by yourself which will help you sell for the best price in the shortest amount of time. You'll find out what real estate agents don't want you to know.

To order a FREE Special Report, visit www.ZeroAgent.info or to hear a brief recorded message about how to order your FREE copy of this report call toll-free 800-596-5137 and enter 1017. You can call any time, 24 hours a day, 7 days a week. Get your free special report NOW to learn how you really can sell your home yourself.

This report is courtesy of www.HighDesertHomeSales.net and GDR Inc. dre #01524222

Empty Nesters: FREE Special Report Reveals 9 Costly Mistakes to Avoid When Selling Your Home

High Desert, CA - Are you an "Empty Nester" who needs a home for the future? Is it time to downsize or to move into another home more suitable for your glorious retirement years?

Like thousands of residents in our area, you may be discovering that after years of non-stop child traffic in and out of your doors, toys on the floor, music floating throughout, suddenly you can hear a pin drop over the quiet hum of the refrigerator. Your rooms are filled with pictures and memories of this wonderful time of your life, but there are many empty rooms gathering dust now that your children have moved on. The freer years ahead are exciting ones to look forward to, and it's time for you to move on as well.

If you find yourself in this situation, you're in vast and good company. And what that means is that there are many wonderful opportunities for you to create this new chapter in your life...if you know what it takes to get the most out of the equity you've built up in your current home.

To help you understand the issues involved in making such a move, and how to avoid the 9 most common and costly mistakes most Empty Nesters make, a new report called "Empty Nester: How to Sell the Place You Call Home" has been prepared which identifies these issues, and shows you how to steer clear of the mistakes that could cost you literally thousands of dollars.

To order a FREE Special Report, visit www.EmptyNest.info or to hear a brief recorded message about how to order your FREE copy of this report call toll-free 800-596-5137 and enter 1013. You can call any time, 24 hours a day, 7 days a week. Get your free special report NOW to find out how you can fly your empty nest with the most cash in your pocket.

THE Village

In Apple Valley

Where Neighborhood Business is Tradition

The Village was the original heart of Apple Valley. Today, it is the perfect combination of old and new. It remains the nostalgic core of our community but is experiencing a rebirth in shopping and commerce. True to its roots, The Village is an experience "Where Neighborhood Business is Tradition." The Apple Valley Village Business District offers an advantageous mix of commercial uses including retail stores, service-related businesses, warehousing and light industry. It runs along Highway 18, generally between Navajo Road on the west to Mesquite Road on the east, and from Ottawa Road on the south to as far north as Esaws Avenue.

Planning Committee

by Jeri Lawrence

I am happy to write that the Community Planning Committee will begin meeting on June 18th. The Board of Directors has prepared a Board Action Item Request for our committee to begin plans to update and improve the facilities at Meadowlark Park. We are pleased to have this major project to take to task. The working record of the Community Planning Committee is documented favorably and the Directors are assured that the park project will be taken seriously and worked thoroughly.

The committee worked closely with staff and Directors in the current design of the median. We did thorough research on design as well as drought tolerant plants and lighting and brought the MWA representative to our meetings. The committee was in-

strumental in choosing the flooring in the Community Building as well as the building's outside color and design. We have other ideas to make the Community Building a better functioning center for the community members.

In staying true to our Board Approved Mission and Vision Statements, the committee members have other common area upgrades and improvements that will eventually be presented to the Board for approval. Our meetings are open to members and with raised hands, you can present your thoughts and ideas to the committee. We meet the third Thursday of each month at 6:30pm in CB4. Our SVLA Breeze articles, always inform the readers of any plans going forward for member input.

A MOMENT OF REMEMBRANCE

Photo Submitted by Dennis & Lisa Verhagen

Over 40 members of our community gathered at the SVL Community Building on Memorial Day following a parade around our lake, to join in the National Moment of Remembrance, paying tribute to those who have given the ultimate sacrifice. Thank you to Jim Nahom for organizing this event. Thank you to all who have served and who continue to protect this great country of ours.
