- FYTD Expenses \$2,362,827
- Net Position Excess (Shortage) \$936,738

- **Items To Note:**

- Nothing at this time

- **Action Items:**

- Nothing at this time

Thank you, Bill Walters, for your dedication and commitment in helping to find ways to keep Spring Valley Lake the “Jewel” of the Desert.

We appreciate all you do and all you have done volunteering for the various committees and groups here in SVL.

LISA FALCETTI, PUBLIC SAFETY DIRECTOR

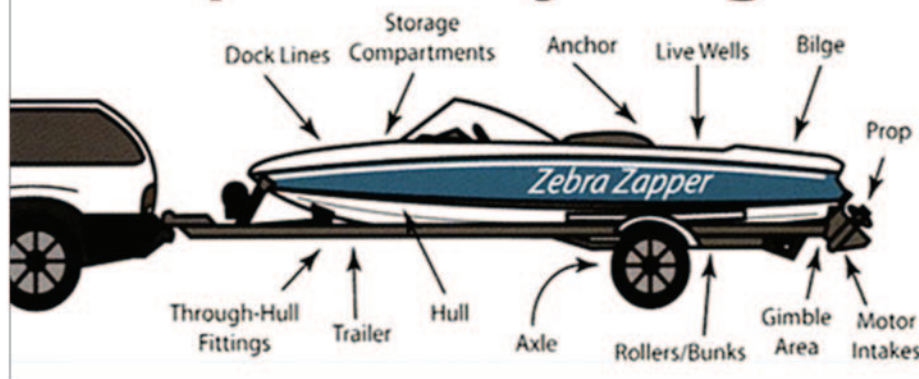

Inspections for Quagga and Zebra Mussels

Quagga and Zebra mussels are an extremely invasive species and the Spring Valley Lake Public Safety Department personnel including lifeguards, seasonal/beach officers and patrol staff have been performing inspections to avoid any vessel transporting these species from another body of water to ours. Anytime a resident removes their vessel from Spring Valley Lake, a tag will be placed through the 'D-ring' of your vessel and the 'O-ring' of your trailer clip vessel, this will let the Public Safety

Department identify if your vessel has been in another body of water. If a vessel does not have one of our Spring Valley Lake tags on the vessel then an inspection of your vessel will be done. During the inspection, the Public Safety Officer will ask you if you have been in any other bodies of water and check your vessel. All areas must be dry (including live wells) and clear of debris, and no standing water should be on board your vessel in any manner (including bait cans or buckets).

Vessel Inspection Information

Inspect Everything!

Vessels that are discovered to contain invasive mussels, display the signs of such and/or contain biological presence are subject to a seven-day quarantine and will be marked with a red tag. These vessels will not be permitted on Spring Valley Lake until a further inspection by a Public Safety Officer.

MEET THE TEAM

Carissa Rodriguez, Dispatcher

Hello everyone! My name is Carissa Rodriguez, and I am your new Public Safety Dispatcher for Spring Valley Lake! I have been familiarizing myself with this community for almost a month now and so far, it has been a pleasure to contribute to our incredible department. I have lived in the High Desert my entire life and it has always been known that Spring Valley Lake is the one place where everything is cherished and admired.

After graduating high school, I attended California State University of San Bernardino for four years and earned my bachelor's degree in criminal justice. With that being said, in my last year of school, the COVID-19 pandemic hit and

I learned that I was pregnant with my son, Kylo, who is now almost three years old. From the moment I graduated college, I knew I wanted to spend as much time as I possibly can with Kylo and take a pause from my career path. As of now, I balance my time with Kylo, intern with our county's Probation Department to help mentor the youth of our community and assisting with the residents here at Spring Valley Lake!

As I am learning more and more about this incredible community, I am very much looking forward to meeting all of you! I truly enjoy being able to assist you and help in any way that I can. With all the calls I receive throughout the day, it very much does help me learn who you are and the kind of community you expect us to be. The staff of Spring Valley Lake are also fantastic people that I have had the pleasure of meeting. Moving forward, as I continue to toggle my responsibilities as a mother, I am excited to be a part of our Public Safety team and to help our community thrive to be safe!

Summer Season Lake Hours

As our summer season is getting ready to begin, I just wanted to remind everyone that the lake hours will be extended to midnight starting on Saturday, May 25, 2024 and will end on Labor Day, September 2, 2024. Please remember, if you are on the lake after sunset the entire lake is "no wake" speed, and you will be required to use your Navigation lights. (See below rules)

SVLA Rules and Regulations

No Wake Speed limit

5.4.2.2: From sunset to 10:00 p.m.

daily except during the period beginning at sunrise on the Saturday of Memorial Day weekend and ending at midnight on Labor Day when the period shall be extended to midnight.

5.5.1.4: Navigation lights must be kept in serviceable condition and displayed in accordance with the "Rules of the Road" between sunset and sunrise and at other times of restricted visibility.

Have a safe and fun summer.

~ Nick Gonzalez, Director of Operations

Hello SVLA Residents,
Summer is just around the corner. We are gearing up for the business that summer brings with it. Look below to see what we have been up to around the community...

Beach Area:

- Sanitizing picnic tables and playground equipment bi-weekly
- Cut grass
- Drag Beach
- Trash pick up
- Fixed water leak at west beach

Parks:

- Sanitizing picnic tables and playground equipment bi-weekly
- Cut Grass
- Replaced Meadowlark Park sign
- Repaired shade covering at MLP

Equestrian Center:

- Cut grass
- EQ repairs and clean up
- Weather stripping repairs on Stalls
- Removed ripped tarp at EQ Barn area
- Tree trimming at EQ
- Fixed screen at EQ club house
- Repaired shed at EQ

Fishing Areas:

- Sanitized picnic tables bi-weekly

- Cut grass
- Trash clean up
- Replaced lights at FA#8

Buildings:

- Sanitized AO building, Community Building & exterior AO restrooms door handles and hard surface areas daily
- Fire Extinguisher inspection
- Repaired ice machine in CB kitchen
- Repaired electrical issues in CB kitchen
- Installed baby changing stations in CB restrooms

Grounds:

- Worked on Safety List
- Picked up trash around the community.
- Irrigation repairs
- Pressure washed concrete areas
- V-Ditch clean out bi-weekly
- Made sprinkler adjustments at common areas

Floating Islands:

- Performed general maintenance

Wells:

- All wells are active

Lake Filtration Systems:

- Cleaning has been put on hold until the plan is approved by County.
- Repaired water leak on filtra-

tion system at FA#9

- Completed UV light installation

Lake & Marina Dock Maintenance:

- Retrieved lake data
- Cleaned up shoreline
- Buoy readjustments

The Operations Department is al-

NAOMI ALLAN, Administration & Lake Management

Happy May!! Summer is just a few weeks away. Everything gears up to the next level during the summer, especially pertaining to the lake.

As the weather continues to warm up we will be increasing our activity on the lake. This month we will crank up our weekly lake cleanings up to three times a week and then beginning next month we will be doing lake clean up daily.

We will also be increasing our lake samplings; and starting Memorial Day, we will begin doing our Harmful Algae Bloom (HAB) testings.

We are still waiting for our permit to be issued for the Lake Patrol Office (LPO). County sent some revisions that needed to be made to the architect, so we are waiting for them to review them. Once the permit is issued, things should move quickly and be wrapped up within 2 weeks.

We have begun to do biweekly inspections on the v-ditches

ways working diligently on maintaining SVLA's stature as well as keeping up on regular training videos to ensure we are delivering the best service possible. If you ever notice a maintenance related issue or concern around the community, please call the Association Office (@760-245-9756) and we will do our due diligence to correct the issue(s) or concerns.

throughout the community. We are hoping to be able to stay on top of these and keep them clear of debris. If you live near a v-ditch and you notice excessive debris, please do not hesitate to let us know so we can address it right away.

We have been doing our best to continue with the lake clean up weekly. If you notice any areas with excessive trash or debris, it is always helpful to let us know. Give the office a call or send an email to maintenance@svla.com.

I wanted to take a moment to say farewell to the community. It has been a pleasure serving the community for the last 12 years. I have served the community as a Code Enforcement Officer, Member Services, Community Engagement Specialist and Administration & Lake management Manager. It is a bittersweet goodbye for me as SVL has become home to me over the years and all my coworkers are definitely like family. I wish the best for SVL!

Look in this section to see the most recent lake data that has been gathered.

CODE ENFORCEMENT

Clint Summers, Director of Code Enforcement / Architectural

As the weather starts getting warmer and warmer, your plants and grass are going to need more and more water to stay green and healthy. The water restrictions have been lowered by the Governor; meaning you can water your plants more than before and you can go on the county website [Drought Measures Reduced to Stage 1 – Drought Watch in CSA 64, Spring Valley Lake – Public Works \(sbcounty.gov\)](#) for the current specifications. That being said, if you are planning to change up your landscaping this year, you may want to consider changing out some plants that take a lot of water for some of our more native desert plants. Our website and this site ([a guide to high desert landscaping.pdf \(sbcounty.gov\)](#)) will serve as a guide for the type of

plants that will do well in our community, and for the most part use less water. Don't forget that if you are removing and adding new trees and plants an Architectural application will need to be submitted with the changes and what type of plants you plan on using. The application will be needed for any exterior modifications you plan to make to your home. If you're not sure if you need an application or not you can always reach out to our staff and we will direct you.

Last month we said goodbye to Aleyda Soriano who is going on to better things. So if you have been working with her on anything, please make sure to send your items to code@svla.com and our staff will be happy to help you with any complaints you have.

April Stats	Code Enforcement	Architectural
*Opened Items	210	272
*Closed Items	64	48

*Open items are newly observed items resulting in a courtesy call or courtesy notice. Closed items are open violations that are closed due to being in compliance or the Board ruling on a citation.

Perfect French Toast

6 Large Eggs	1-12 teaspoons vanilla extract	Heaping 1/4 teaspoon salt
3/4 cup low-fat milk	2 tablespoons honey	Unsalted Butter
3/4 cup heavy cream	2 teaspoons cinnamon	Vegetable Oil
1 loaf day old challah, brioche or other good bread sliced 3/4-inch thick		

Maple Syrup and Berries

Start Mom's *SPECIAL DAY* with
FRENCH TOAST, CHAMPAGNE
and a side of *LOVE!*

This isn't your everyday French toast. It's so much more special. Made with a rich custard flavored with honey, vanilla and lots of cinnamon, it cooks up slightly crisp on the exterior and creamy on the interior, and tastes almost like bread pudding.

Preheat the oven to 250 degrees. In a large baking dish, Whisk together the eggs, milk, cream, honey, vanilla, cinnamon and salt. Place half of the sliced bread in the custard and let soak, flipping occasionally until saturated but not falling apart. Heat 1-1/2 tablespoons butter and 1-1/2 tablespoons oil over medium heat in a large skillet. Cook the first batch of soaked bread until golden brown. 2-3 min. per side. Serve hot with maple syrup and berries.
